Our institution is situated at Srirushnam, Cuddalore Dt. of Tamilnadu. The nearest railway junction is Vriddhachalam. Srirushnam is known for the very ancient temple which was constructed by Nayakas. The name of the deity is Sri Boovaraga Perumal which is considered to be one of the important 108 sacred places for Vaishnavas

ABOUT THE SEMINAR

The present seminar is organized to find out how effectively the technological gadgets can be used by the teachers in the class room. The role of the teacher from that of information monger to learning facilitator has been made possible today by means of vast usage of instructional aids. The traditional technique of "talk and chalk" has replaced to most actively involve the learning in the teaching – learning process. Presented maximum class room involvement is most likely to result when there are many carefully selected and wisely opportunities for first hand learning experiences. Instructional media when coupled with appropriate instructional method can play a vital role in creating effective environment for the learner. Technology made an impact in the field of education by making available sophisticated aids to the teacher to carry out his responsibilities more effectively and joyfully. It is expected that this seminar will focus the point that the technology in education will make the teachers to do their work with fullest satisfaction in a very joyful manner.
